

# K NAGA SURENDRA

AutoCAD & Revit Draftsman | BIM Modeler | Civil Engineering Fresher

Nandyala, Andhra Pradesh | +91 9182265520 | karivenasurendra@gmail.com | linkedin.com/in/nagasurendra

## PROFESSIONAL SUMMARY

Civil Engineering fresher (B.Tech 2026) with hands-on experience in AutoCAD 2D drafting, Revit Architecture BIM modelling, and Tekla Structures 3D modelling. Certified in AutoCAD (Learn Delta, 2024) with practical exposure to architectural drawings, floor plans, shop drawings, and 3D visualizations through a 7-month internship. Strong understanding of engineering and construction drawings. Self-motivated, detail-oriented, and experienced in working independently in remote environments. Seeking to contribute to international engineering projects at IDSS Global Pvt Ltd as an AutoCAD and Revit Draftsman.

## TECHNICAL SKILLS

- Tekla Structures: Structural 3D modelling, steel detailing, shop drawings, AISC codes
- AutoCAD: 2D drafting, technical drawing, construction drawing (Certified, Learn Delta 2024)
- Revit Architecture: BIM-based architectural modelling, floor plans, 3D visualizations
- SketchUp: 3D conceptual design and visualization
- Engineering and construction drawing interpretation
- Remote work tools: digital collaboration, self-management, online communication

## EDUCATION

|                                                                 |             |
|-----------------------------------------------------------------|-------------|
| <b>Bachelor of Technology - Civil Engineering</b>               | 2023 - 2026 |
| KSRM College of Engineering, Kadapa, Andhra Pradesh   CGPA: 7.8 |             |
| <b>Diploma - Civil Engineering</b>                              | 2020 - 2023 |
| Govt. Polytechnic Alur, Andhra Pradesh   CGPA: 8.0              |             |
| <b>Secondary School Certificate (SSC) - 10th Grade</b>          | 2019 - 2020 |
| AP Model School, Nandyal, Andhra Pradesh   CGPA: 9.5            |             |

## INTERNSHIP & PROJECT EXPERIENCE

### Structural Detailing Intern - FUSIONest Prefab & Modular Homes

December 2025 - June 2026

Tool: Tekla Structures | Duration: 7 Months

- Completed structured training in advanced structural 3D modelling and steel detailing using Tekla Structures.
- Produced shop drawings, general arrangement drawings, and fabrication reports for real-world structural projects.
- Gained hands-on exposure to prefab modular home design, construction workflow, and industry practices.

### Residential House 3D Model - Client Project

2024

Tool: Revit Architecture

- Created a complete BIM model of a residential house for a real client using Revit Architecture.
- Produced architectural drawings, floor plans, and 3D visualizations for client review and approval.
- Demonstrated ability to deliver accurate engineering and construction drawings using BIM tools.

### Structural Detailing - Warehouse and Storage Shed

2024

Tool: Tekla Structures

- Modelled a full warehouse and storage shed using Tekla Structures following AISC standards.
- Applied structural detailing standards for steel connections and member sizing.

## **CERTIFICATIONS**

---

- AutoCAD 2D - Learn Delta | September 2024
- Detailer Training Series - American Institute of Steel Construction (AISC)
- Sustainable Urban Development - edX
- Air Pollution and Control - NPTEL

## **WORKSHOPS & TRAINING**

---

- Smart Tools and Smarter Designs - National Workshop, Dept. of Civil Engineering, RGUKT Srikakulam | March 2025
- Research Scope in Emerging Areas of Civil Engineering - Aditya University | 2025

## **EXTRACURRICULAR ACTIVITIES**

---

- Member Coordinator - Konnect 2k25, National Level Techno-Cultural Fest

I hereby declare that the information provided above is true and accurate to the best of my knowledge.
